Green Infrastructure

Rainwater flows quickly over impermeable pavement, like concrete. If that water can be slowed down, held, or absorbed, less flooding will happen. Simple projects like installing a rain garden or rain barrel in your yard can help reduce the risk of flooding on your property.

Destruction of vegetation and trees on private property surrounding a CCC stormwater drain

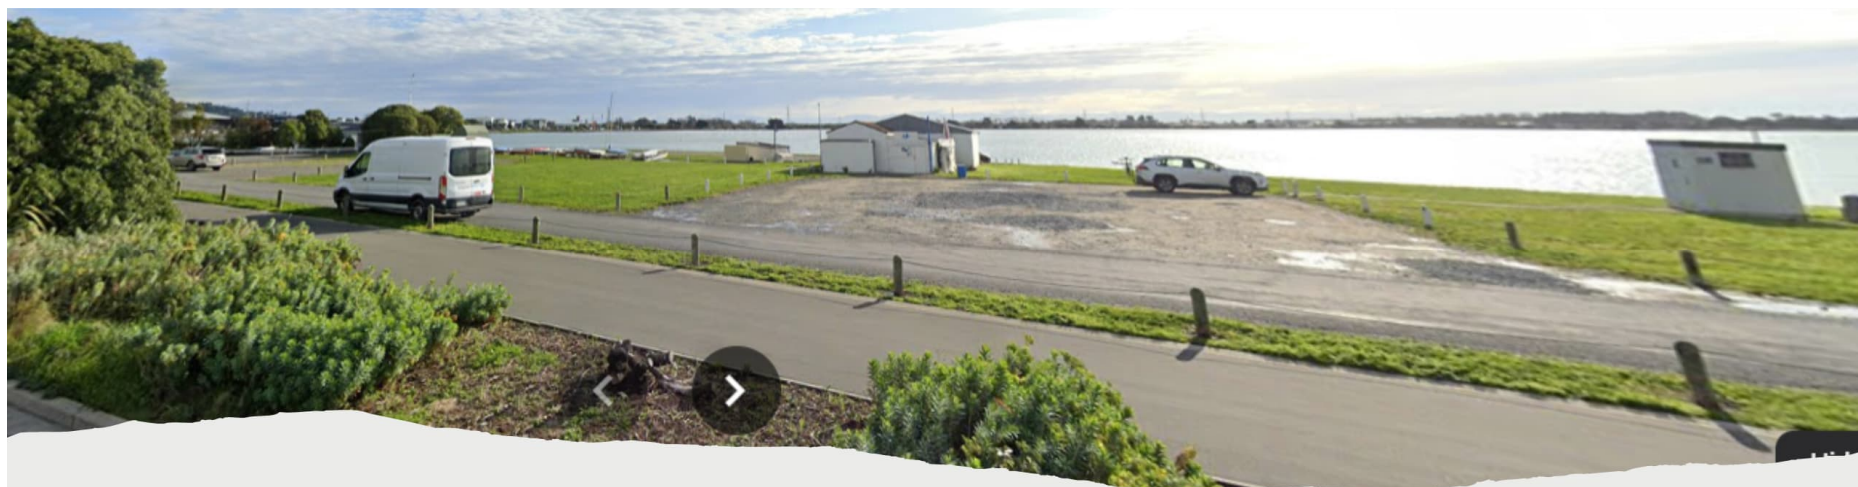

- Removal of several native trees
- Removal of a pohutukawa tree (4 metre)
- Complete denudation of a bank adjacent to drain
- Removal of limbs of 2 mature pohutukawa trees above the drain threatening viability of the trees and stability of the land

Recent destruction in Scott Park

Evidence of
damaging activity in
area going back at
least 5 years

- Damage to trees and vegetation in Scott Park and along Coastal Pathway
- Undermining of local roads
- Destruction of vegetation on neighbouring properties

Actions Requested

- Consistent and coordinated approach to this activity by CCC
- Review of the evidence presented to the CCC from residents, community groups and councillors since 2019
- CCC to take action against perpetrators which may include prosecution and trespass orders

1899 BENZ VELO

Believed to be Sumner's first car

1900 Delivered to Christchurch

- Gifted as a wedding present to Mrs Wycliffe-Goodwin in 1900 to Rockwood Station near Glenroy. After it got stuck in a river they sold it in disgust.

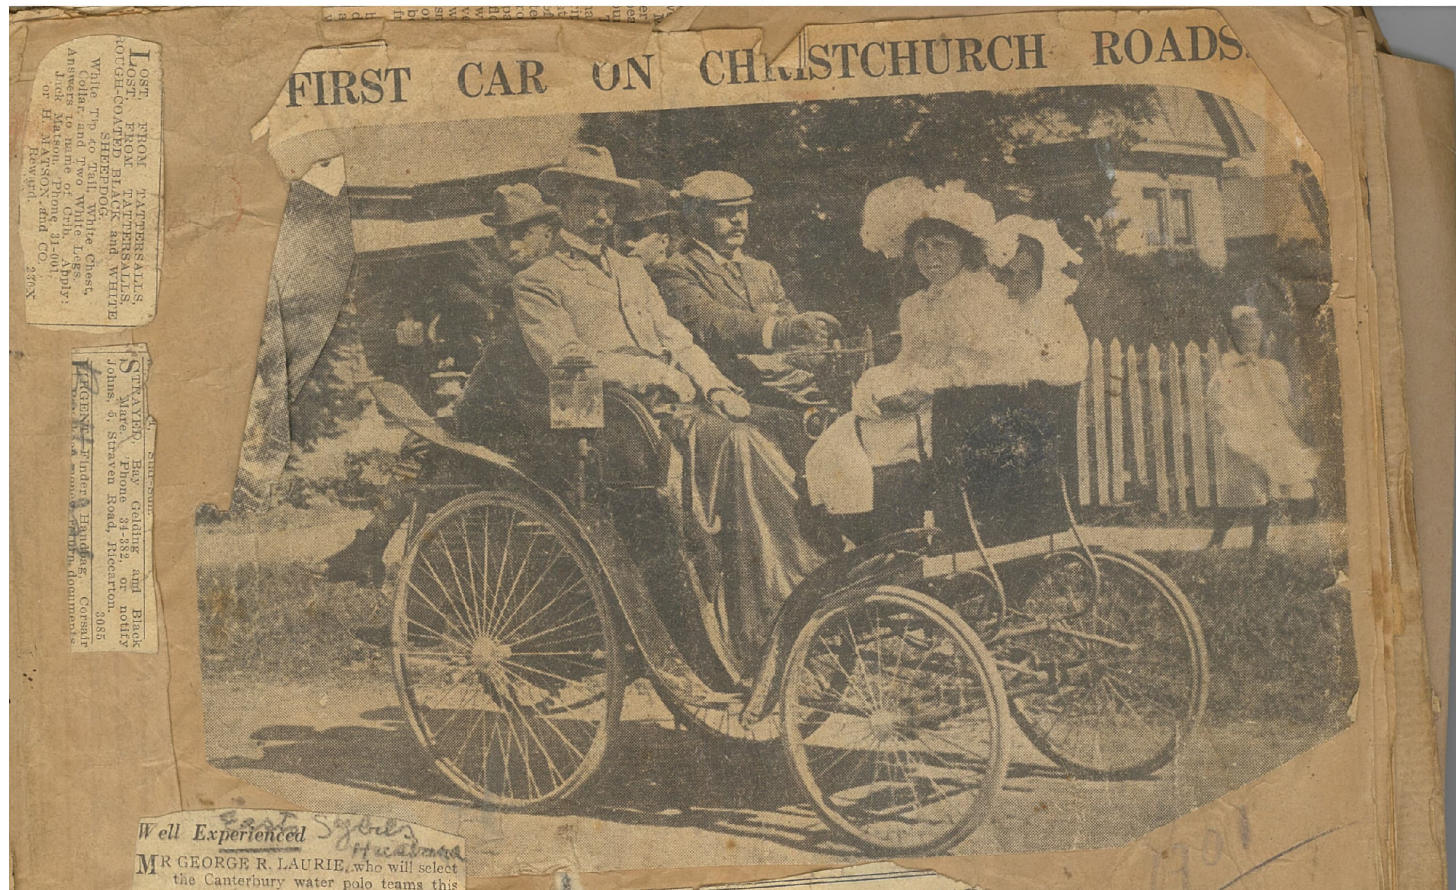

Mr Monck Purchased in 1901

- The next owner Mrs H J Shaw used the car in a race against another Benz and achieved 16mph on Ferry Road.
- A few weeks later it was sold to Mr J.S. Monck.

- Owned by the Monck Family until 1946 when it was sold to H.P.D van Asch from Hastings.

Returned to Christchurch

- Purchased by Gavin Bain in May 2021
- Engine restored to working condition
