Linwood Park concept plan

May 05, 2026 - Jun 11, 2026

Response No: 1

Contribution ID: **44308**

Q1 **Are you responding:**

Multi Choice: On behalf of a recognised organisation or business

Q2 **Are you a member of the Linwood Keas?**

Multi Choice:

Q3 **Name of organisation/business**

Short Text: Sport Canterbury

Q4 **Your role**

Short Text: Community Connector

Q5 **Full name**

Short Text: Gina Gladwin

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Please see additional submission documentation sent to [redacted] via letstalk@ccc.govt.nz
We support the new club rooms and sports lighting but would like to see these resources offered to the wider Linwood community e.g. lighting the fields outside of normal programmed time

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Please see additional submission documentation sent to Amy Rice via letstalk@ccc.govt.nz

Q14 **Athletics throwing circles**

Rating:

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text:

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: Please see additional submission documentation sent to Amy Rice via letstalk@ccc.govt.nz
Feedback we have heard indicates that these might be best with the play zone so intergenerational activity can occur

Q18 **More trees and activation of the drain/canal**

Rating 4

Q19 **Please share any comments you have about the trees and canal**

Long Text Please see additional submission documentation sent to Amy Rice via letstalk@ccc.govt.nz
Tamariki love the drain/ canal, especially for the eels. Some concern around the tree cover, as outlined in our submission document.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Please see additional submission documentation sent to Amy Rice via letstalk@ccc.govt.nz
Some feedback from the local school suggests that current paths can be unsafe and would like to see wider paths with clear separate pedestrian and vehicle lanes.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Please see additional submission documentation sent to Amy Rice via letstalk@ccc.govt.nz

10th June 2026

Linwood Park Concept Plan

Sport Canterbury Submission

About Sport Canterbury

Sport Canterbury is one of 17 Regional Sports Trusts operating throughout New Zealand.

We are an independent, Charitable Trust governed by a Board. We have been operating for 30 years with a presence in Christchurch, Ashburton, Timaru and Greymouth.

Our vision is 'Kia Nui Ake, Kia Kaha Ake, Te Tokomaha Ake (More People, More Active, More Often) and everything we do is about getting and keeping people engaged in sport, physical activity and play. We connect community leadership to make healthy choices more accessible to families /whānau where they live, learn, work and play, so, our communities thrive.

We achieve our outcomes through partnerships, initiatives and programmes that align to the strategic priorities set out within our strategic plan.

The Value of Sport and Recreation

Sport NZ undertook a study that explored the value of sport and recreation to New Zealanders, their communities and our country. *The Value of Sport* is based on extensive research, including a survey of around 2,000 New Zealanders and a review of previous studies from here and around the world.

People consulted saw real value in participating in sport and recreation. Findings included:

- 92% believe being active keeps them physically fit and healthy and helps relieve stress.
- 88% believe that sport and other physical activities provide them with opportunities to achieve and help build confidence.
- 84% believe sport brings people together and create a sense of belonging.
- 74% say sport help builds vibrant and stimulating communities.

Provision of play, active recreation, and sport facilities, infrastructure, resources, and opportunities is important to a large proportion of the population.

In 2022:

- 73% of the adult population and 92% of young people (aged 5-17yrs) participated each week in play, active recreation, and sport
- 79% of adults and 63% of young people would like to be doing more play, active recreation and sport

- High deprivation, Asian and Pasifika population groups are significantly less likely to participate.[1]

Research into New Zealanders' beliefs around the value of sport and active recreation in 2017 found a broad base of support for sport and active recreation and a belief in its value to New Zealand and New Zealanders. The value of sport and active recreation is seen to lie in the contributions it makes to individuals, families, communities, and the country as a whole.[2]

The value of investment in play, active recreation, and sport is a cost-effective investment towards local government wellbeing outcomes

International and domestic evidence clearly demonstrates that play, sport, and active recreation generate significant value for society across multiple wellbeing domains and outcomes, many of which are specifically relevant to the outcomes sought by local government:

- The combined value of taking part in community sport and active recreation in Aotearoa New Zealand in 2019 was $20.8 billion. This is made up of $16.81 billion of social value and $3.96 billion of economic value[3].

- Of the almost $4 billion of economic value generated by the sport and recreation sector, 36% was in services such as construction and manufacturing that are related to sport and active recreation. This highlights the strong connection between sport and active recreation industries and the rest of the New Zealand economy.

- The sport and active recreation sector is also an important employer which generated 53,480 jobs in 2019 or 2.5% of all employment in New Zealand.

- Recently published research from a Social Return on Investment[4] study found that for every $1 spent on play, active recreation, and sport, there is a social return of $2.12 to New Zealand. This means that for every dollar invested in play, active recreation, and sport, the social return is more than doubled. This is a conservative figure and the actual return, especially for those currently missing out on opportunities to be active, is likely to be higher.[5]

- In 2019 participation in play, active recreation, and sport generated $3.32 billion return in subjective wellbeing (life satisfaction and happiness) within New Zealand.

Play, active recreation and sport contribute to social, economic, environment and cultural wellbeing in the following ways:

---

[1] Sport New Zealand (2023). Active NZ. Changes in Participation. The New Zealand Participation Survey 2022. Wellington

[2] Angus & Associates (2017). Better Understanding the Value of Sport

[3] Sport New Zealand (2024). The Combined Value of Sport and Active Recreation in Aotearoa New Zealand. Measuring the Social and Economic Impact of Sport New Zealand. March 2024. Wellington

[4] SROI measures the non-market value of outcomes generated through sport and recreational activity and the net costs of providing opportunities. Social impact is monetised by comparing the changes in wellbeing (measured by "life satisfaction" or "happiness") induced by an outcome with the change in wellbeing induced by income.

[5] Sport New Zealand (2022). Social Return on Investment (SROI) of Recreational Physical Activity in Aotearoa New Zealand. Summary Report. October 2022.

- **Social wellbeing**:
  - Development of social skills
  - Strengthened social networks
  - Bringing communities together and increasing a sense of belonging
  - Improving pride and reducing antisocial behaviours in communities

- **Economic wellbeing**:
  - Economic value generated for local communities and businesses
  - Employment of New Zealanders in the play, active recreation, and sport sector
  - Productivity gains as a result of physical activity
  - Savings for communities as a result of the volunteer workforce
  - Economic impact of major events

- **Environmental wellbeing**:
  - Creation of pro-environmental attitudes and behaviours
  - Creation of more environmentally friendly urban environments
  - Reduced emissions from active transport
  - Improved mental wellbeing from being active in natural environments

- **Cultural wellbeing**:
  - Strengthened cultural ties from participation in play, active recreation, and sport
  - Increased wellbeing from participating in culturally relevant physical activity.

Sport New Zealand has developed a resource for local government that illustrates the significant value that local government investment in the local play, active recreation, and sport system delivers. The resource can be accessed here: https://sportnz.org.nz/media/u41hdovx/the-value-of-play-active-recreation-and-sport-for-local-government.pdf.

This document summarises the evidence about how play, active recreation, and sport can support the four types of wellbeing that local government is expected to deliver (social, economic, environmental, and cultural), and includes some relevant case studies from around New Zealand.

The research also showed the ability of sport and recreation to create connected young adults and improve the health and wellbeing of New Zealanders.

Wellbeing is more important than ever following the COVID-19 pandemic and the current cost of living crisis both having an impact on all aspects of our wellbeing.

The impact of COVID-19 and the cost of living crisis on the play, active recreation and sport sector

COVID-19 and its subsequent economic fallout has placed significant pressure on Aotearoa New Zealand's play, active recreation and sport system.

Organisations are a critical component of the sport and recreation eco-system. As a result of increasing costs and decreasing memberships. The unsustainable nature of some

organisations in the city is increasingly apparent. These organisations provide many benefits to the wider community and can not afford to be lost.

The importance of councils to the sector

Sport Canterbury covers an area that includes 10 Territorial Local Authority areas. Councils are an important partner for Sport Canterbury and Sport New Zealand.

We see councils playing a key role in our goal to ensuring everyone has access to quality physical activity options.

Councils have a key role in facility planning, development and operation that enables play, active recreation and sport but are increasingly involved in running or supporting local programmes which drive physical activity and wellbeing as well.

Prioritising investment in facilities, infrastructure, resources, and opportunities to encourage participation in play, active recreation, and sport can support the wellbeing of communities and the achievement of a broad range of local government priorities and outcomes. There is clear evidence about the value of play, active recreation and sport in supporting the social, economic, environmental and cultural wellbeing of our communities.

Sport Canterbury and Sport New Zealand will always aim to maintain their independence while working with councils to achieve the best outcome for the sport, active recreation and play sector.

A regional approach to facility planning and delivery.

Since 2017, Sport Canterbury (with support from Sport New Zealand) has led the development of three Spaces and Places Plans covering the Greater Christchurch, South Canterbury and West Coast areas. These plans aimed to provide a cross-boundary approach to facility planning and prioritisation to ensure needs were met on a regional basis avoiding duplication.

Sport Canterbury has reviewed these plans to ensure they are up to date. We see these plans as being beneficial to councils when considering investment in sport, active recreation and play facilities.

These plans are available on our website and have been integral in forming the basis of this submission.

Caveat

Sport Canterbury work with many sporting and community organisations nationally and across the region and often advocate on behalf of sport and physical activity. However, the comments presented within this submission are those of Sport Canterbury only and do not necessarily represent any individual or other sporting organisation, or other group.

Using this Feedback

This written feedback is to be considered and reported in its entirety. No partial use, excerpts or subjective interpretation of this document is permitted.

Submission Points in relation to the Linwood Park Concept Plan Submission

We support the proposed Concept Plan for Linwood Park, particularly the inclusion of new club rooms, a larger playground and multi-use skate/ scooter park that can be utilised by the whole community.

We believe these improvements will be a fantastic addition to the park, encouraging greater community engagement and aligning with Sport Canterbury's goal of *"More people, more active, more often."* The club rooms will provide an opportunity for a centralised hub for Linwood Kea. The fitness equipment will encourage opportunities for physical activity for individuals and groups. The consolidated playground and revamped skate/ scooter park can encourage intergenerational connection and play.

With the next steps in design, we would suggest:

- Redevelopment should follow Universal Design Principles, these can be reviewed here.
- If new signage is introduced in the park, we recommend including Core Boards (communication boards).
- Consideration of wider community access to the Linwood Kea clubrooms and fields.
- Lighting available on the fields, and the wider park, for further activities outside of the sports programmes.
- Important to consider the management of increased traffic and car parking in the area with the club rooms and park improvements.
- The play spaces need to meet a range of age and stage requirements to ensure whānau can play together, as well as offering inclusive play opportunities for all.
- Consider the installation of water fountains since the park will be utilised for physical activity. Rubbish and recycling bins will also support keeping the park clean for whānau to enjoy.
- The addition of BBQs and covered picnic areas will give opportunity for whānau and the hapori to utilise the space for connection and celebration.
- Plenty of seating around the park to support rest and connection and to invite supporters of sports games.

From recent engagement with ākonga and kaimahi from Te Huarahi Linwood Ave school, we also heard:

- Fitness stations and play spaces and skate/ scooter area should be grouped so that whānau can use these simultaneously.
- Wider paths throughout the entire park with designated walking/ wheels lanes to support safer active transport and independent mobility. Feedback from the school is that it can be quite unsafe to walk the tamariki on the current narrower paths from the school to Te Pou Toetoe pool due to higher speed commuters.
- While tree cover provides valuable shade and environmental benefits, there are safety considerations. The school has noticed that fallen leaves can become

hazardous when wet,and that dense areas of tree cover attracts some antisocial behaviour.

We also encourage ongoing engagement with tamariki, rangatahi, and whānau within this hapori, as well as individuals living with disabilities, to ensure the plan supports accessibility, cultural equity, and inclusion at Linwood Park.

Summary

Sport Canterbury:

1. Thank Christchurch Council for maintaining investment in sport, active recreation and play across many areas during some extremely tough financial times.
2. Support Council's prioritisation of investment in the completion, redevelopment and development of a number of key formal and informal physical activity spaces and places.
3. Advocate for Council to consider the needs of all of the Community from a formal sports approach to a more informal active rec and play approach when developing facilities, sports parks and play spaces.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Spokes supports the improvements to Linwood Park that are suggested in this plan.
The park's proximity to the Rapanui Shag Rock cycleway (which runs through the northern part of the park) and community facilities in Linwood makes it likely that many people will ride bikes through the wider park to access streets and facilities at other corners of the park. Furthermore many park users will use bicycles and scooters to get to the facilities in this park. Because of this, Spokes Canterbury strongly supports the widened/ upgraded pathways that are planned here. We consider the paths will be well used, shared paths and so will need a minimum of 2.5m width, based on AustRoads recommendations for shared paths.

Please also consider adding some wayfinding and lighting to the Cycleway through the park – it is easy to get lost in this part of the cycleway, particularly when it is dark.

Please also ensure that good quality bike parking (as set out in the NZTA bike parking standard at https://www.nzta.govt.nz/assets/resources/cycle-parking-planning-and-design/cycle-parking-planning-and-design.pdf) near the new building and ideally, also near near the play equipment. We note that because cargo bikes are increasingly popular for parents transporting children, any bike parking should be able to comfortably accommodate these, and bikes with trailers.

Likewise, it is important that any entrances to the park are wide enough for cargo bikes can pass other users safely and easily and care is taken around the placement of bollards or similar with respect to the needs of these users.

Linwood Keas has been a pillar of the East Side Community for decades and a huge support to our Samoan Community.

They play a big part with creating healthy opportunities to connect and keep active, the lights and the club rooms will no doubt have a massive positive impact for the youth in this area and our club are in full support of this going ahead.

Smith Street community farm supports the upgrading of the Linwood park and strongly advocates that the new plantings are food producing plant eg nut and fruit tree/perennial plants. This is the opportunity whereby something practical can be achieved.

Also that the plantings close to the canal , are of a nature to support the ecological environment of both the tuna and bird life of the canal

Q20 **Changes to pathways and more pathway lighting**

With respect to the fauna [birds eels] where possible dark sky light to be used.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

Smith Street community farm trust supports the upgrading of the Linwood park and strongly advocates that the new planting proposed be of food producing plant eg nut and fruit tree/perennial plants. This is the opportunity whereby something practical can be achieved at minimal cost.
The potential outcome could go someway in addressing the current cost of living crisis and the social economic status of Linwood, being defined on all measures, as a food desert and ranks as one of the highest deprived suburbs in Christchurch , in an impactful and positive way.
There has been an enduring desire from both volunteers and neighbours to see the fruit trees in public spaces.

We also would like to advocate for the pathway lighting to be responsive to the flora and fauna of the area eg the canal tuna and the use of Dark Sky lighting which has been adopted by other councils to minimise the harm to both flora and fauna

Lighting for the skatepark should also be considered if the infrastructure is going to be in place.
Washington way has terrible lighting, the next skatepark with lights is Ashburton.

Q12 **Combined skate/scooter park and play space**

Rating

3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text

Using Halswell William Brittan as an example here - it is chaos here on weekends, children have zero spacial awareness and we've seen many accidents occur. Skaters and bmx actually avoid this park for that very reason, there has to be a clear split between the assets to reduce kids running into the skatepark.
CCC talked about putting etiquette signs at parks and I dont believe this has happened either.

We support the addition of both, there is just risk involved and then parents blame skatepark users for their kids getting hurt.

Ensure that skaters and bmx have meaningful input to the design, kids do not know what they want or how a skatepark should flow. Experienced users should be considered for this input.

Q14 **Athletics throwing circles**

Rating

Will they get used?

Q16 **Fitness stations**

Rating

1

Q17 **Please share any comments you have about the fitness stations**

Long Text

Halswell william brittan park has these, ive never seen them used.
I also regularly walk through Prestons, 3 x per week and ive never seen anybody using the equipment at any point.
Seems like you could utilise the money more effectively.

Q18 **More trees and activation of the drain/canal**

Rating

2

Q19 **Please share any comments you have about the trees and canal**

Long Text

Would this not cost millions? I work in Stormwater/Waterways and am aware of the substantial costs associated with enhancing these assets.

Q20 **Changes to pathways and more pathway lighting**

Rating

4

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

If the infrastructure is being installed, get lights for the skatepark. It will ultimately make it a safer space for everyone to use and statistically it will deter anti social behavior.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

Please ensure that feedback from experienced skatepark users is listened to and put in place. Designers build what they want, not what we need or ask for.
Lighting would be a massive improvement.
A 'plaza' style park would be amazing.
We also lack adequate skateparks that really suit BMX riding .

Q5 **Full name**

Short Text: Sarah Elicker

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: It's great that the park will be used by more people; we've noticed activity ramping up already now that the Keas changing rooms are completed. Overall they are respectful, lively users but occasionally rubbish is left behind after matches and trainings; and on match days there is some illegal parking. Could their lease include an expectation they put clear processes in place that these concerns are mitigated? Effectively there should be an acknowledgement they are sharing kaitiaki status for the park, along with CCC and other users.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: This is a good solution. It would be good to get more detail in due course. Please ensure the new skate and play spaces are completed before the old spaces are demolished. The current skate park in particular is well used by younger scooter users - it would be great for there to be continuity of use. A new rubbish bin would be helpful in this area.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: None.

Q16 **Fitness stations**

Rating: 4

Q17 **Please share any comments you have about the fitness stations**

Long Text Please make sure they are well designed. It appears fitness stations in other parks are barely used.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Absolutely agree, great idea. The canal and the tuna and other wildlife are taonga. Please ensure the type of planting and trees encourage and support native birds returning.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Absolutely agree, great idea. It will help to feel safer using the park early mornings and in the evenings.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Thank you for your efforts so far - we are excited for the changes.
Please take a look at adding extra rubbish bins - particularly at the new play/skate park and at the Linwood Ave entrance by the pedestrian lights closest to Eastgate. An extraordinary amount of rubbish is bought into the park at that entrance from the fast food outlets surrounding the mall.
Is this also an opportunity to explore cameras at strategic entrances/exits, to deter people dumping rubbish and tagging/graffiti, and general safety issues.

Please see attachment on following page

Contribution ID: 43771

Good afternoon Jacqui

Thank you for taking the time to come today at Te Huarahi. The children loved being able to share their ideas. After talking to Lou I would like to share my thoughts around the park space.

Linwood Park is a valuable multi-use community space that is regularly used by Te Huarahi/Linwood Avenue School. Our classes frequently walk through the park to Te Pou Toetoe, exiting through the back gate and heading towards the pool.

As we reach the end of our school field, we come to an intersection where several pathways meet, including one leading to Linwood Avenue. This area often becomes a bottleneck, particularly when our classes of around 25 children are walking through. While most members of the public are considerate, we unfortunately experience regular incidents of impatience and verbal abuse from people who are unwilling to wait for groups of children to pass safely.

The general maintenance of some areas of the park is also a concern. We often encounter sticks and branches left on the ground, causing people to leave the designated pathways to walk around them. Rubbish is another ongoing issue, particularly around the skate park, where broken glass is sometimes present. We have also found discarded vapes, which children occasionally pick up and bring back to school, creating an obvious health and safety risk.

The pathway leading from the main intersection towards the pool is not wide enough to comfortably accommodate the range of users it serves. School groups frequently have to step onto the grass to allow families with prams, cyclists, dog walkers, and other pedestrians to pass. Unfortunately, cyclists often seem to expect pedestrians to move aside, rather than treating the path as a shared space, meaning our groups regularly end up walking off the path for safety.

Another area of concern is the Smith Street crossing where the cycleway enters Linwood Park. There are blind spots on both sides of the crossing, making visibility difficult for both cyclists and drivers. Even when driving through the area, it feels enclosed. Although speed humps help to slow traffic, improved sightlines or additional warning signage would make the crossing safer for all users.

Finally, access to public toilets could be better communicated. I had initially thought the toilets located in the middle of the park were too far away to be practical for many users. I have since learned that new public toilets are available in the building by the pool. As these facilities are relatively new, many visitors may not be aware of them. Additional signage or information would help increase awareness and improve accessibility while they become more familiar to park users.

Last week, we witnessed a motorbike racing through the park and exiting onto Linwood Avenue with little regard for the safety of other park users. Students from Te Ara Tai regularly walk through the area. Like many pedestrians, they naturally take the most direct route across the open fields.

On a positive note, the recent tree trimming along the school fence line has made a noticeable improvement to the park environment. The increased visibility has helped deter people from

camping in the area and has created a more open and welcoming space for the school and wider community.

Kind regards Dion

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Not sure

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Our organisation works with young people in Linwood. We use Linwood Park and the adjacent Te Pou Toetoe courts many times throughout the year for community Youth events. The use of the courts would be made better and safer if there was lighting running next to the courts on the field side of the courts. This would increase safety as many young people we work with feel unsafe at Linwood Park, especially during the early evening when it is getting dark. I also believe that adding additional lighting to the courts would give the community more opportunities to use the tennis courts, basketball court and ki-o-rahi court in the evenings. We would utilise the additional lighting for safety at our community events also. There are some very dark areas such as the current skate park, lighting would increase safety for the courts.

I think the location of the Linwood Keas clubroom is not the ideal place. Having the skatepark and open field close to the Te Pou Toetoe courts and pool complex feels nice and open, as well as it gives opportunity for people to utilise the skate park. I often see young people leave the pools and before leaving the park they have a go on the skate park before leaving. The skatepark where it is now is visible from the car park which means that parents can see their children more easily.

Another advantage of having the skate park close to the courts is that we can utilise the skate park in our community events. There are often many young people using the skatepark during our events.

I think the Linwood Keas club rooms could be better placed on the other side of the new changing rooms, in front of the tennis courts. This would allow the skatepark still to be closely located to the pool and courts as well as having the clubrooms close to the fields.

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I think having a scooter track added to the skate park would be a great idea as there is a lot of young people who use scooters.
Having a play space next to a skate park may pose some issues with older kids playing closely to younger kids. This may cause social issues and may be best if the two spaces aren't located too closely, this would give young people a place where they can hang out and skate/scooter and younger children can play on their more age appropriate play space.

Q14 **Athletics throwing circles**

Rating

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text

Q16 **Fitness stations**

Rating 3

Q17 **Please share any comments you have about the fitness stations**

Long Text I think the fitness stations could be a good idea, I am unsure how well utilised they would be but I think having the option is a good idea.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Great idea! The area by the drain/canal is quite bland. Native planting would be cool to see, maybe some aspect of sensory, or attracting native birds into the city would also be cool.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Yes, more lighting is needed at Linwood Park. It feels very dark in the evenings which in turns leads to it feeling very unsafe. I would not go to Linwood Park alone at night time, and would not venture further than the courts even with other people as it feels too unsafe.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I think overall there is some good ideas, and a Linwood Park upgrade is a longtime over due. It feels a bit lifeless at the moment and it would be very cool to see a bit more vibrancy and have the park as a place where the community can really come together and use the park for many different things.

Yes

Q11 **Please share any comments you have about the lease application**

Long Text

We support the Linwood Rugby League Football Club (Linwood Keas) proposal to re-establish clubrooms at Linwood Park and recognise the important role this plays in strengthening community sport and connection in the area.

While we are not currently part of this proposal, we would like to express interest in exploring how a kaupapa Māori movement approach could be woven into the future use of this space, alongside the Keas development.
Across Waitaha, there is a strong and active network of kaupapa Māori movement providers delivering programmes that support hauora, cultural identity, and whānau connection. These include strength and conditioning, rangatahi development, taonga tākaro, Kī o Rahi, mau rākau, and other culturally grounded movement practices. These initiatives are already engaging many whānau on a consistent basis but are often limited by access to suitable, shared spaces.
Linwood Park presents a unique opportunity to bring together different forms of community activity in a way that reflects the diversity of the community it serves.
We would welcome the opportunity to explore:
How Māori-led movement programmes could coexist alongside and complement rugby league activity
Whether elements of the park design or facility planning could support multi-use, culturally grounded programming
Potential for shared or adjacent spaces that enable broader community access and participation

This is not intended to compete with or alter the Keas proposal, but rather to add value to the wider park vision, increasing accessibility, activation, and community benefit.
At this stage, we are simply expressing a willingness to engage in further conversation with the Council, the community, and potentially the Keas, should there be interest in a more integrated approach.

The local community needs high visibility of positive communities that promote wellbeing.

The area reflects what can be described as a health-constraining environment, where access to unhealthy options is both high and visible.

Within a small geographic area there are specialist vape stores, with fast food outlets located in close proximity to local schools.

Saying yes to the lease application is a no brainer!!! Community over profit, improved wellbeing for all whānau.

Long Text: CRL believe the lighting and clubrooms will contribute to the club's growth. CRL believe the clubrooms will contribute to the club's culture, through the provision of a home. It will also contribute to a sense of identity and allow the community to come together for events and celebrations. We believe this is very important from a socialisation and connection perspective. In terms of lighting, this is critical for the Linwood Keas. They need to be able to train in good conditions that are safe and appropriate for the level of rugby league they are playing. There is also a possibility, that should this lighting be appropriate that CRL could host some of its youth night matches at Linwood Park. This would reduce a significant travel component for East side teams.

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice

Yes

Q11 **Please share any comments you have about the lease application**

Long Text

Kia ora koutou,

I strongly support the Linwood Keas lease application at Linwood Park. Granting this lease will allow the club to build the facilities they urgently need to support their growing number of tamariki and whānau.

This isn't just about a lease - it's about backing a community hub that keeps our young people active, connected, and thriving.

Please support this application.

Q12 **Combined skate/scooter park and play space**

Rating

5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text

Spaces like this are important for giving our tamariki and rangatahi safe, inclusive places to be active, connect, and express themselves outside of organised sport.

It's great to see consideration for a space that caters to a wider range of interests and ages, especially in a community where accessible, free recreational options make a real difference.

Q14 **Athletics throwing circles**

Rating

1

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text

I'm not in support of the proposed athletics throwing circles in this space. Given the multi-use nature of Linwood Park, there are real concerns around safety, particularly with tamariki and whānau using nearby areas at the same time.

I also question whether this is the best use of space in a park that is already under pressure from growing community sport and recreation needs. Priority should be given to facilities that will be widely used and that align

with the immediate needs of the local community.

Q16 **Fitness stations**

Rating 4

Q17 **Please share any comments you have about the fitness stations**

Long Text I support the inclusion of fitness stations at Linwood Park. They provide free, accessible options for people of all ages and fitness levels to stay active, especially for those who aren't part of organised sport.

These spaces are great for whānau, rangatahi, and the wider community to connect, move, and look after their wellbeing. If designed well and placed thoughtfully, they will be a valuable addition to the park.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text I support the retention and thoughtful enhancement of the trees and canal area at Linwood Park. These natural features add real value to the space — they provide shade, beauty, and a place for whānau to relax and connect.

It's important that any development respects and protects this environment, while still allowing the park to grow to meet the needs of the community. A balanced approach will ensure the space remains welcoming, functional, and enjoyable for everyone.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text I strongly support the pathways and pathway lighting — this is well overdue and absolutely needed. A large number of people, especially our tamariki and rangatahi, walk to and from the park for trainings and activities.

Better lighting will improve safety, visibility, and overall accessibility for our community, particularly during the evenings and winter months.

This is a really important addition and I fully support it.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Overall, I support this plan and see it as a positive step forward for Linwood Park and the wider community.

It's important to acknowledge that Linwood Rugby League are the biggest users of this park. The mahi they do for their community goes well beyond the field — they provide structure, support, and a strong sense of belonging for a large number of tamariki, rangatahi, and whānau.

A revamp and upgrade of the park is well overdue. The current facilities no longer reflect the level of use or the impact being delivered in this space. This plan shows a commitment to investing back into a community that is already giving so much.

With the right balance, this development can support growth, improve safety and accessibility, and ensure Linwood Park continues to be a place where people come together and thrive.

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: This new club rooms would mean the world to your kea kids, we have waited a very long time for this to happen, we as a keas family weekly support Linwood pools and think it would be an amazing space together, also can we please have some cameras installed, at times we have felt unsafe in the past at the park, cameras would be another level of security for everyone who enjoy the park facilities.

Multi Choice

Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice

Yes

Q11 **Please share any comments you have about the lease application**

Long Text

As a Coach and Volunteer of this club for over a decade, I can honestly say sports lighting and a new facility are long overdue for our community to keep our tamariki & rangatahi safe, connected and engaged with healthy habbits that keep them active.

The Linwood Keas Rugby League Club have been a solid foundation for keeping tamariki and rangatahi out of trouble, busy and a part of a enviroment that help kids further their opportunity as leaders in our community.

I fully support the lease for Linwood Keas to build clubrooms and for sports lighting to keep our community safe and active, especially in Winter.

Long Text

i have been coming to linwood park for over 25 years as a rugby league player, coach, supporter of an opposing club - the halswell hornets.

We have a fierce rivalry on the field - however I am extremely supportive of this proposal to assist both rugby league in general and the linwood keas.

they are a very well organised and run club from what I can see - and their facilities have been frankly a disgrace ever since i have been coming there really through no fault of their own.

Long Text This isn't just a good idea.
it's the kind of vision that can genuinely transform a community.
It holds incredible potential not only for the Linwood Keas, but for everyone around us. It creates a space where people of all ages can come together, connect, and celebrate the talent that exists within our community.
from our young ones finding their feet, to our experienced players and supporters who've built the foundation.
A new skate park and scooter park, alongside a modern playground, would give our rangatahi and tamariki a safe, positive space to grow, express themselves, and stay active. It's about more than recreation.
it's about pride, belonging, and giving our people somewhere they truly feel they fit.
A clubroom isn't just a building. It becomes the heart of it all. A place where memories are made, milestones are celebrated, and connections are strengthened. A hub where whānau gather, stories are shared, and everyone feels part of something bigger.
This is more than development
It's an investment in people, in connection, and in the future of our community.

Long Text Linwood Park is overdue for a renewal, this club deserves it - it holds the biggest growing club in the South Island with nearly a team in every grade. It is a core part of the Linwood community's heart, featuring many locals amongst all its teams. They have provided a home away from home for all those that join the club for the first time and you don't have to look far to see why we succeed - on the back of all the hard work and dedication of our staff, board and management who work tirelessly to ensure our club thrives.

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

Response No: 36

Contribution ID: **43143**

Q1 **Are you responding:**

Multi Choice: As an individual

Q2 **Are you a member of the Linwood Keas?**

Multi Choice: No

Q3 **Name of organisation/business**

Short Text:

Q4 **Your role**

Short Text:

Q5 **Full name**

Short Text: Jeremy Chapman

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: No brainer really, the Keas are such a massive influence on a real at risk neighborhood.
This move would be positive in all sorts of ways, a family/neighborhood club who deserve these types of facility's. If it was Rugby union there would be no second thoughts on the decision

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Makes sense to combine

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text

Kia ora

The connection between Linwood Park and Linwood Rugby League has been forged for over a hundred years. Unfortunately, Linwood Rugby League has consistently being sidelined by the City Council with countless disruptions during the quakes (when temporary housing was established in field 3, yet Bromley Park, just up the road was vacant) and field upgrades (that should have been scheduled during summer). Despite these disruptions, Linwood Rugby League continues to be an inspiration to other local sporting clubs due their enduring resilience. While Linwood (and the surrounding suburbs) may be a working-class community, its pride is interwoven in the success of the Keas. A successful Linwood Keas Club also means an efficacious Linwood community. The current success of the Linwood Rugby Bulls Club, was inspired by the success of the Linwood Keas.

The proposed project is significant for the Linwood community. An established Linwood Keas clubrooms will also mean a visible pathway for Rangatahi that is not influenced by crime. The values that reinforce Linwood Keas culture, ensures and encourages a decrease in local crime rates. Unfortunately, no other organisation has a greater connection and rapport with the Linwood community than the Keas. A prosperous Linwood Keas also means a safer Linwood community.

Additionally, the council should view this project as an obligation especially regarding the many years of suffering the Keas had to endure due to politically motivated campaigns to kill the club. Linwood Keas are the main users of Linwood Park and should be treated as partners and not merely as just stakeholders. They are the guardians of the space and should be given the means to further protect and safeguard the park. This will definitely be achieved, with an established clubrooms.

Thank you for your consideration.

Nga mihi

Fred

Q12 **Combined skate/scooter park and play space**

Rating

1

Q13 **Please share any comments you have about the combined skate and play space**

Long Text Unfortunately the skate / scooter play area has been a breeding ground for youth crime over the years and should be demolished with no replacement.

Q14 **Athletics throwing circles**

Rating 1

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text Not a great addition to the park. Even if temporarily used for summer season, it will damage the not only the aesthetics but overall ground condition.

Q16 **Fitness stations**

Rating 5

Q17 **Please share any comments you have about the fitness stations**

Long Text Great idea to have more fitness stations.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Good idea to have canals to drain ground water away from playing filed / areas.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text More lighting is definitely required around the Park. Added flood lighting in field 3 will be even better as traffic will not be obstructed.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Priority should be given to the Linwood Keas Rugby League Club.

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Hi there,

I've lived in the Linwood community most my life it's great to see investment into our community . Id like to see the new skatepark close to Linwood ave were the proposed fitness stations are. I think it's important to have the stake park close to the pools and Linwood ave . I'm concerned of what could happen to the kids at the skate park if it is located in the park away were people can see what is happening.

Q4 **Your role**

Short Text:

Q5 **Full name**

Short Text: Katelyn Rogers

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: This is essential to not only the development and progression of the Linwood Keas Club but the whole East side community. This is a space needed to hold multiple events as well as a possible hireable venues for other community groups in the off season.

With the cost of the build sitting with the Keas it honestly seems like a no brainer to have someone else pay and manage a hub for our Eastside whānau.

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Makes sense for whānau that have multiple children. Can appeal to everyone's interests in one space.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text:

Q16 **Fitness stations**

Rating: 4

Q17 **Please share any comments you have about the fitness stations**

Long Text:

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Sounds like a much needed safety addition. Pathways make it safer in colder weather as well as accessible for those in wheelchairs.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Q4 **Your role**

Short Text:

Q5 **Full name**

Short Text: Gavin Stevenson

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Keas are regular users of the sports grounds and a high level of community involvement is evident. The provision of established facilities will reduce the need for the temporary structures erected for games and training sessions.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Locating the proposed new club facility near the pool and new changing rooms is a logical move to group the sports facilities in one area.
An improved skate park/ play space then groups those leisure activities in one area.

Q14 **Athletics throwing circles**

Rating: 3

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: Great for the school's athletics programme.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: Anything that encourages more active use of the park is to be encouraged.
We have often discussed the possibility of having a fitness circuit or stations in the park.
Our observations over time have shown the use of the park centres on events (league games) and the occasional community events. The park is frequently deserted during the week apart from people using the paths as access to other areas eg. Te Ararai College and Eastgate Mall, or Te Aratai students hanging out on the swings.
Maintenance of any fitness equipment would have to be regular and prompt if problems are identified to ensure

public safety and promote community use.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Realigning, refencing and replanting the pathway along the canal may encourage greater community use of the spaces along the pathway rather than view it merely as quick route from Hargood Street to the park and perhaps result in greater efforts to maintain the area and lessen the amount of rubbish dumped in the drain, damaging its ecological value.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Absolutely essential for public safety and the perception that the park and pathways are safe places.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Great to see an enhancement project that benefits local communities in this area.
And the pathway from the Mackworth St to the pool will finally be upgraded - potholes, puddles, humps and bumps removed. At last!

Response No: 61

Contribution ID: 43187

Q1 **Are you responding:**

Multi Choice: As an individual

Q2 **Are you a member of the Linwood Keas?**

Multi Choice: No

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I am 25 and enjoy using the existing skatepark regularly. If it were to be rebuilt I would very much like to see the rebuild match the existing one. That is in terms of obstacles such as ramps and rails being for intermediate to advanced users.

Q14 **Athletics throwing circles**

Rating: 4

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text:

Q16 **Fitness stations**

Rating: 2

Q17 **Please share any comments you have about the fitness stations**

Long Text: I don't believe fitness stations are ever well utilized and the cost of equipment would be better used in other areas of the park

Q18 **More trees and activation of the drain/canal**

Rating 4

Q19 **Please share any comments you have about the trees and canal**

Long Text

Q20 **Changes to pathways and more pathway lighting**

Rating 4

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Please include lights for the skatepark there is a server lack of lit skateparks in Canterbury and we desperately need more. Lighting at skateparks means users are able to enjoy and utilize the park all year round. A well lit place for youth to spend evenings throughout the darker months greatly reduces anti social behavior as it provides something for people to do

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: It makes sense to have a safe well-lit fields for our tamariki and rangatahi.
Pathways and spaces that make the park safer and more accessible.
And most importantly - our clubrooms. A place our people have waited far too long for. We've waited a long time to have a base and so the whole concept plans makes sense for our Linwood community.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: A brand new skatepark & pump track for our youth would be ideal and fun for all ages!

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: We're an inclusive community so why not include this.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: A set of fitness stations scattered around Linwood Park will be great for all ages to enjoy eg fitness classes with the local school (Linwood Ave), and community fitness or family team games.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Yes definitely

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text So long as it's well lit for any members of public who will enjoy the sights and sounds that Linwood Park has to offer.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Linwood Rugby League are the biggest users of this park. The mahi we do in this community goes well beyond game day - and this rebuild is about creating a home for our whānau who richly deserve a headquarters's especially for our members, families and wider members of the Linwood community.
Thank for you for reading this.

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text This club deserves its own space to call home. The amount of time and effort their volunteers have put into the sport of Rugby League but also the suburb of Linwood itself cannot be measured. Rugby league is surging in popularity in New Zealand and it shows no signs of slowing down. There is no down side to Linwood Keas having their own club rooms and one could argue it should have happened earlier.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I've skateboarded at linwood since I was 10years old. Now im 38years old and venture around all skateparks with my kids. I still enjoy skateboarding at Linwood. However the park needs an upgrade.
I do agree with the new central spot for the skatepark.
Using examples such as knightstream and halswell domain that are new parks situated next to parks. They offer something for all ages which I feel is best for overall fun and Progression.
The skateboarding culture is growing and kids are wanting to practice their craft. Lets get another nice skatepark for all to have fun on!

Long Text: It's been a long time coming. My older son played for them about 10-15 years ago and they didn't have a space then either. The woolston rams have a clubrooms, it's old and needs updating but they love it because they have something. The Keas have been in long need of a clubrooms at the park and lights!!!! Definitely more lighting too.

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: The Keas have the best coaches, and some of the best talent in club league in Chch. I went down to watch last weekend and the vibe was amazing. Kids everywhere, families, etc. This club growing is great not only for South Island league, but for the east side community. Sports helps keep potentially vulnerable youth on track and the coaches over there 100% double as mentors for those guys. Clubrooms they can be proud of would just elevate everything.
The Skate park is due for an upgrade regardless so this is a double win!

Q12 **Combined skate/scooter park and play space**

Short Text: Debbie Laffey

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: The Linwood Keas make great use of the park, and bring down many people to watch the league games. They also hold open days to promote the sport, and they also keep the park facilities clean.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: The existing skate park is beyond its use by date so it needs to be updated.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: The more facilities available, the more users.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: These facilities will be put to good use by the entire community and would complement the pool complex.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text I would suggest native planting is undertaken along the drain canal.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text This may help deter crime in the area.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Linwood Park is in desperate need of updating. It is well utilised by not only the Keas, but the community as a whole. The addition of the clubrooms and other facilities would just be the icing on the cake.

Response No: 90

Short Text: David Jarvis

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: The Keas have been without clubrooms since 2014. They have been in negotiation for over 5 years to get to this point of getting clubrooms. We would love to see the Keas carry on using Linwood Park as their base for many generations to come.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: The existing skate/scooter park is well utilised during game days by the children of the players and supporters children, but it is getting old. It is time a new park is built, especially since the clubrooms will be located in the area where the current skate park is located.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: The more facilities the park has, the more utilised it will be.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: These would not only potentially be used by the club, but also the general public. It would complement the adjacent swimming pool facility.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text I have no issue with additional trees in the park. Also native plantings along the canal would be nice.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Lighting of pathways would help reduce crime in the area.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I think the plan overall has been well thought out, which will not only benefit the Keas, but also the surrounding community in general.

Multi Choice

Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice

Yes

Q11 **Please share any comments you have about the lease application**

Long Text

I am supportive of both the lease application, design, and lights being installed at the Linwood Park.

The club is one of the four foundational 1913 rugby league clubs in Christchurch and for the club not to have a clubrooms since the earthquakes but to have been so successful across grades since is a testament to the club and community. This highlights both the need and importance of the club once again having a place it can call home aside from Linwood Park. Clubrooms are the focal point for any club, they are a single location where everyone meet each other, share stories, celebrate historic wins, and organise and manage the affairs of the club.

Lights would enable more grades to train with the potential for games to be played closer to where the Linwood Keas community are based instead of Ngai Puna Wai which is on the other side of the city and which families spend significant amounts of time and money travelling between home and the park.

Additionally, where in the event the club were for any reason to fold, the facilities are all able to be used from other groups or organisations as the current facilities at the pools are very popular and the park, an accessible area with the potential for several other uses.

Kind regards
Lachlan Havill

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: I generally support the idea but I don't support the park layout planning.
Would also like further clarification and assurance that the full design and build cost is being covered by the Linwood Keas.
I wouldn't support council funding towards a private clubroom.

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: The skate park that's there seems fine as it is.

Q14 **Athletics throwing circles**

Rating: 1

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: I wouldn't consider this park an athletics park so I don't think this would be well utilized.

Q16 **Fitness stations**

Rating: 3

Q17 **Please share any comments you have about the fitness stations**

Long Text: Impartial to these, not sure how much use it would get. Has this been successful in other parks?

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Any environmental improvements is always a positive change.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Overdue for an upgrade, good lighting adds safety.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice No

Q23 **Please share any comments you have about the overall plan**

Long Text Although I don't live in Linwood, I use the swimming pool on a weekly basis.
My main concern is the new clubroom proposed location. From the swimming pool end of the park, the building will close off the connection and open feel to the park. Closing off this connection will make the park feel less safe when the clubrooms are closed.
The swimming pool carpark is also not that big and concerned that a lot more cars will use the carpark if clubrooms are located there, putting too much pressure on the usability of the carpark for people wanting to use the swimming pool.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Definitely need lights because I feel unsafe without and its dangerous
Skate features suitable with landing space and not too close together that are skateable
Skateboarding is highly skilled and not a playground for kids to cut through and damage the park by smashing their scooters and putting themselves and others in harms way. There are plenty of play spaces and parks for them to go too and the skateboard community struggle to find a safe space anywhere at at parks to safely work on tricks without having to injure ourselves trying to avoid children that dont understand skatepark edicate

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text The lighting is definitely needed. Especially as a woman I would not walk through there at night but with better lighting I may rethink. The playground and skate park in one destination is a great idea! Instead of having to walk all over the park it's all in one spot which is awesome!! I used to play for the keas and not having a clubroom to celebrate that game afterwards was not fun so having one built on the field would do the players some good!
And the drain way definitely needs some trees planted or fencing! I'm always scared when I walk down there that if my son took one wrong move on his bike he would end up in there!
The fitness stations would also be a plus aswell! Having something like that for players to train at when it's wet or let the community use would definitely help aswell especially in the keeping yourself fit lifestyle!

Overall I 100% support the plans provided and I think this would be a great asset for the eastside and bring more games this way instead of having to travel to the west 80% of the time!

Long Text:

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Please add play equipment for older children! 10 & 11yo's like playing too (not all are on devices, gaming, or on phones). Sadly a lot of playgrounds are now being built with only small children in mind, leaving our rangatahi with nowhere to play (ours aren't into trying to hold their own on the skate ramps).

Q14 **Athletics throwing circles**

Rating: 3

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: Who would use these? And for how much of the year?

Q16 **Fitness stations**

Rating: 2

Q17 **Please share any comments you have about the fitness stations**

Long Text: They can get old and look shabby quickly. never really see people using them.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Would be nice to have large trees to add to the canopy. Too much native scrub does not give a parklike feel - for reading under trees, picnics, shade for people watching sports of children play etc.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text I often cycle and walk through here. The pathways are really great, more lighting would help feel safer.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text It's a great space, leafy and green with large trees, the cool climbing ropes for older children are brilliant. Would be nice to do up the toilets and make it safer. I also support a better hub for the sports team - theirs is very small and shabby, and no facilities for the players.

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Linwood Keas plays a big part in the wider community. Not just for those living in the area but also for those that travel from other areas (including the opposite side of town) to be a part of the Keas community.
Linwood Keas have been without sufficient grounds, without a clubroom for many years. This is the time for the wider community to give back what Linwood Keas has done for families over the generations.
To install lighting allows for players and teams to be able to train on the fields in which they call home at Linwood Park.

This would be a huge boost for the Keas but a bigger boost for the community.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: It would be good for parents to be in one area to watch their children play.

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Linwood Rugby League have been a strong part of the Linwood Community for over 100 years, they have engaged thousands of families throughout east side of Christchurch & provided a space for many to enjoy the sport of Rugby League. They are & have been for a number of years the biggest Rugby League Club in the city & have managed to grow the club despite having no physical home/space for their members to enjoy. This lease for the construction of their clubrooms is long overdue & will only strengthen their ability to support the Linwood Community & keep engaging & supporting families through the sport.

Q12 **Combined skate/scooter park and play space**

Q11 **Please share any comments you have about the lease application**

Long Text:

My oldest son was four years old when our clubrooms were lost in the earthquake. He is now 19 years old — meaning our league community has gone 15 years without a dedicated space to come together, connect, and grow.

For many families, clubrooms are more than just a building. They provide a sense of belonging, connection, and support within the community. They create opportunities for strong relationships to be built between players, whānau, coaches, and volunteers.

I have three other sons currently playing for the Keas, which means all four of my children have grown up without experiencing the benefits of having clubrooms — let alone clubrooms located close to home and beside the fields where they train every week.

It is time to invest in our community and provide a space that supports the people who dedicate so much to local sport.

Upgraded field lighting would also make a significant difference for many families, including ours. Travelling to Ngā Puna Wai for late games is not financially manageable for every whānau. Improved lighting at our home grounds would allow children to train safely for longer without sessions being cut short due to darkness, giving them better opportunities to develop their skills and confidence.

It would also support the volunteers who coach and manage teams each week. Many are currently forced to leave mahi early in order to start trainings before dark, placing unnecessary pressure on them and their families. Better lighting would ease that strain and allow trainings to take place at more practical times for everyone involved.

Investing in clubrooms and lighting is an investment in the wellbeing, development, and connection of our wider community.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Still having a space for all Tamariki to play and come together is important.

Q14 **Athletics throwing circles**

Rating 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text If this can come in after club rooms and lights then yes. My children are also involved in athletics and we recently stopped due to travel for trainings being too far.

Q16 **Fitness stations**

Rating

Q17 **Please share any comments you have about the fitness stations**

Long Text

Q18 **More trees and activation of the drain/canal**

Rating

Q19 **Please share any comments you have about the trees and canal**

Long Text

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Could definitely be helpful. I've seen many go for walks in the evenings around the park and would be a good way to keep them safe.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Please consider this for those who really know how muc h this park benefits our community. Many can't travel like others so this is the only park they can go to every week.

Q11 **Please share any comments you have about the lease application**

Long Text: I support the lease application and sports lighting. I regularly walk around the park in the evening with my young family - and we love watching club members exercising and staying healthy in the evenings. I like how the concept plan has the lights on nunber 3 field on the canal side of the park (so that they shine towards Linwood Avenue school, and away from houses). The lighting (and the club training in the evening) also promotes security.

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Support the upgrade of the skate and scooter park - the current one is well loved and used, but we also well past its use-by-date.

It seems the new skate park and general play space will cater to slightly different types of youngster, and different sorts of activities - so it will be important to maintain adequate separation between the two in the new centralised configuration. One thing the current seperated arrangement has going for it is that there is plenty of space, and the play area is often a lot quieter, so i can take our youngest there and play safely, away from the more full on hustle and bustle.of the skate park. So, I Suggest perhaps some trees etc to break the new combined space.

From the concept plan, It doesn't look like there is much new seeting planned around the combined skate park and play space, either - and that seems like a short coming. More new seating should be added to the combined skate park and play space to better support and encourage parents / caregivers to bring their youngsters to the park, and watch them play.

It will also be important that the new / upgraded path between the carpark / courts amd new play area is sufficiently wide to enable scooters and skaters etc to access the skate park without affecting other path users. At the moment this isnt an issue, as users go straight from the carpark and courts onto the skate park and there is very little opportunity for conflict with walkers or runners etc.

Q14 **Athletics throwing circles**

Rating: 2

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text

I can't see too many people using these, to be honest. I dont see an issue with it, and presumably its relatively low cost, but im not sure the use case is there. If it is, and people are keen on it, then I would support it.

Q16 **Fitness stations**

Rating

2

Q17 **Please share any comments you have about the fitness stations**

Long Text

I feel like these park fitness machines are a nice idea, but they are rarely used to their potential. For example, those in Woolston park dont seem to get a lotmof action. I can't see them getting a lot of use here.
If some are used, then suggest not getting too carried away with the install. E.g. Just go for simple pull up bars, places for step ups/downs etc, rather than complex machines.

Q18 **More trees and activation of the drain/canal**

Rating

5

Q19 **Please share any comments you have about the trees and canal**

Long Text

Love more trees - particularly natives - as well as general efforts to improve biodiversity. The marcocarpa and pines currently along the canal side of the park add very little to biodiversity, and have left the grass in that area rather dead.

I like how the concept plan shows activation as seperate from the main path adjacent to the canal. It would be nice to have some sort of unsealed / more natural path wandering through new native planting near then canal, and this being seperate from those jogging park laps or commuting / transiting from Smith Street to Aldwins Road, etc on the main park path.

Q20 **Changes to pathways and more pathway lighting**

Rating

5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

Yes to wider smoother pathways, and yes to more pathway lighting please!

I commute through the park every day on my bike, and more lighting in the dark would really improve safety and security. It can be hard to see joggers without lighta in the dark - and also people's dogs.

It might be a stretch to include it as part of the park upgrade, but it would be great to see additional lighting installed along the canal between Smith Street and Tilford St - this is the only part of the canal path without lighting currently, and it is unclear why.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

The plan is simple and easy to understand, well done!

Great job on the comms and submissions portal, too, team. Its awesome how this portal is mobile friendly□□

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text:

I am a proud Bromley born and bred Cantabrian. My family home still stands on Keighleys Road. My father and late mother bought our family home in 1964. My four siblings and I were raised in Bromley. Three of us have raised our own families in Bromley/Linwood. I have childhood memories of attending my older brother's league games back in the '80s. He played for the Linwood Keas. If I can recall from his team photos which used to sit on the fireplace mantle in my family home, he played alongside some well known Kiwi players - Brent Todd, Quentin Pongia. The neighbourhood has always been a strong league cohort. Today I believe it's even stronger. It's evident on Saturday mornings when you go past Linwood Park and there isn't a spare car park on the road.

Therefore, I 100% support the lease application and sports lighting for the Linwood Keas. All of this is long overdue, especially the clubrooms as it will reconnect the club to the land and community they represent and have been serving.

It has been sad to see this long standing league club which my husband Sam Lemalie (who also grew up in the neighbourhood) and his brothers and nephews have played for have had no home since the February 2011 earthquake, but yet like the manu kea, they have showed resilience and soared onto win 8 premierships in the past 10 or so years.

Approving the Linwood Keas with their lease application and sports lighting gives that connection back to the club and the community.

Linwood Keas is a thriving rugby league club which clearly embraces physical well-being for individuals and whānau. Having a clubrooms will instill neighbourhood pride for our whānau, tamariki and rangatahi. A place where they can connect and have a sense of belonging between club, home and school, and where future generations can hopefully experience the same positive interactions and connections with their peers and the wider community. This will also greatly assist with the mental well-being of our community who can finally have a place they feel they belong to.

Fa'afetai lava,
Fiaola Ah Kuoi

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Im a mum of teenage league boys, although they play for different clubs and have never played for Linwood, i fully support their application for a lease for clubrooms so they can have a space to come together, connect and have a home and i support their application to install additional lighting on the other fields so there are more fields to host night games.
I have no objections, especially since they will be covering associated costs which dont only benefit their club but the wider league community.

Long Text: My boys have played for keas since they were 3 now in there 20s & 30s and they have also coached teams there dad is heavily involved they are a great club
It will be great for the kids as they havnt had a club rooms since the earthquakes
It will make the club stronger and will benefit the whole community
It is a long time coming and wait for them
For years I sat in the cold dark while my kids trained it is very nessary going fwd
And for safety

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: We need our kids to enjoy outdoor spaces rather than on there computers 24 /7 .
I also think a bbq area would be great that will get more family's there specially in summer

Long Text: Great idea

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text absolutely, totally endorse this part of the plan. Please do not remove the big old pines along Linwood Avenue. They are full of noisy birds at dawn and dusk and would hate them to lose their home.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Yes, path by the tennis courts needs improving.
And the lighting sounds good as I walk my dog there in the early mornings and evenings too sometimes.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I am concerned about the plan and the impact on existing trees. I was sad a big tree was cut down for the last new building. I hope no more trees will go. The park is well used. I regularly walk my dog there. I like to see facilities like this being improved for folks in this area. I hope the path around the edge of the park on the side near the tennis courts will be redone, as when it rains this area is full of puddles and the path is in rough condition. I am glad you rare going to improve the seating. I hope it will be done in stages, so one of the playground areas will remain while the new one is being built and that the existing skate park will stay until the new one is finished. They are very popular areas.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text

yes please, over summer the water temperature in the drain gets way to hot for Ells Ducks and other fish etc and has in past years filled up with Weeds and Algae over summer.

The Linwood Waterway Group working bees are adding suitable plants for shade that let people see the wildlife in the drain and wont create shade issues for local residents between Smith Street and Hargood St. Shading plants as well a suitable mixture of other natives that incorporate safety layout etc are needed for the whole north side of the drain in Linwood park.

Additional shading plants are also needed on the open drain sections "reserves" on the west side of Aldwinds Rd up to Olivers Rd.

All plants added to the park need to be natives to increase biodiversity. Speaking as a Trustee for Trees For Canterbury, I can say that TFC would be interested official public plantings in the open wide areas on the north bank in Linwood park in conjunction with CCC.

Q20 **Changes to pathways and more pathway lighting**

Rating

5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

I am not clear on your plains for changes in the pathway. However lighting was identified as a major issue for respondents to a Canterbury Uni survey on Linwood park and the shared path from Smith Street to Hargood Street. how many CCC staff looking at this plan are aware that there is only 1 light on the shared path between Smith Street and Tilford St, situated at the Gow Place AArran Cres Bridge.

The section of path between Smith Street and the foot bridge is badly sloped from Tree Growth, in particular one section is so badly risen and split up like a mountain range from a willow tree that a person in a wheel chair by themselves can not mange to get over this instantly rolling into the drain fence. This tree also has big roots growing though the sections of concreate that form the drain into the drain.

I support Nick Smith from Smith Street Unban farm in his submission for lighting along the shared path between Smith Street and Tilford Street.

As the person that has spent the last 14 years changing this area from weeds tall enough to lose children in and rubbish everywhere into what it is today, with the addition of the Linwood Waterway Group forming last year and starting public working bees which i run. I am asking the CCC to recognize the the Mana of effort put in by myself and others creating a sense of pride in this area for all the community users of the path by not having contractors destroy the planting putting in wiring.

My suggestion for putting in Wiring would be to replace the sloped and buckled path Between Smith Street and Gow place foot bridge, working in with Smith Street farm to remove the Willow tree and any other trees next to the path that create iusses for the farm. For the section Between Gow place and Tilford Street, i think it would be fantastic if the CCC put a solar Street light here with the open area of Linwood Esplanade reserve and possible future dog park behind it. If not then I request the CCC dig wiring access in the Linwood Esplanade Reserve, which already has services in place before the CCC purchased the land.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

The Canterbury UNI survey identified that people wanted picnic tables and public toilets in the open area beside the drain and path at 112 Tilford Street.

The nearest public toilets are the Linwood pools, i ask that public toilets are placed under the funding list for this area.

The CCC is putting picnic benches at Linwood park, it would be a simple addition to add a picnic table under the shade of the Oak tree in this section. A past working bee has put a lot of effort into removing branches for people to easily walk under and enjoy a large area of shade in the summer.

Q19 **Please share any comments you have about the trees and canal**

Long Text

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Please do not demolish the play spaces before anything new is built! We also need more rubbish bins as there are so many food places close that people dump rubbish from.

Response No: 144

Contribution ID: **43772**

Q1 **Are you responding:**

Multi Choice: As an individual

Q2 **Are you a member of the Linwood Keas?**

Multi Choice: No

Q3 **Name of organisation/business**

Short Text:

Q4 **Your role**

Short Text:

Q5 **Full name**

Short Text: Sarah Elicker

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: It's great that the park will be used by more people; we've noticed activity ramping up already now that the Keas changing rooms are completed. Overall they are respectful, lively users but occasionally rubbish is left behind after matches and trainings; and on match days there is some illegal parking. Could their lease include an expectation they put clear processes in place that these concerns are mitigated? Effectively there should be an acknowledgement they are sharing kaitiaki status for the park, along with CCC and other users.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: This is a good solution. It would be good to get more detail in due course. Please ensure the new skate and play spaces are completed before the old spaces are demolished. The current skate park in particular is well used by younger scooter users - it would be great for there to be continuity of use. A new rubbish bin would be helpful in this area.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: None.

Q16 **Fitness stations**

Rating: 4

Q17 **Please share any comments you have about the fitness stations**

Long Text Please make sure they are well designed. It appears fitness stations in other parks are barely used.

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Absolutely agree, great idea. The canal and the tuna and other wildlife are taonga. Please ensure the type of planting and trees encourage and support native birds returning.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Absolutely agree, great idea. It will help to feel safer using the park early mornings and in the evenings.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Thank you for your efforts so far - we are excited for the changes.
Please take a look at adding extra rubbish bins - particularly at the new play/skate park and at the Linwood Ave entrance by the pedestrian lights closest to Eastgate. An extraordinary amount of rubbish is bought into the park at that entrance from the fast food outlets surrounding the mall.
Is this also an opportunity to explore cameras at strategic entrances/exits, to deter people dumping rubbish and tagging/graffiti, and general safety issues.

Response No: 145

Short Text: Dee Mitchell

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Linwood Keas is a good club and they deserve to have their own club rooms.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I think this is a great idea having it in one space, it'll be alot easier on parents that are watching their children that want to be in 2 different places.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: Good to have a another sport club using the park

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: Will be handy for people that want to do fitness outside instead of going into a gym.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text will be good for the environment and having new trees growing for the future. Be nice to see the drain be tidied up

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text very happy to have more lighting to make the park feel safer at night

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I love Linwood park and it will be great to see it being updated and having different options for people to use the park in a good, safe, healthy environment. I'm all for the changes to make it a better safe place to enjoy.

Response No: 146

Q5 **Full name**

Short Text: Caitlin Shaw

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: I hope that access to Te Pou Toe Toe from Linwood park will not be restricted during construction.

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: Both skate park and play areas are in need of refurbishment/modernisation so I am excited to see this change. However, I hope that the existing facilities will not be removed before the completion of their replacement as many children rely on them. I also hope that ample rubbish bins are provided around this area as well as a water fountain and a new toilet block.

Q14 **Athletics throwing circles**

Rating:

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text:

Q16 **Fitness stations**

Rating:

Q17 **Please share any comments you have about the fitness stations**

Long Text:

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text I hope to see planting of native trees and plants, especially if they could attract/sustain native insects and birds and I hope that any work to the canal can help to protect its eels. I would like to see more areas like the wildflower area.

Q20 **Changes to pathways and more pathway lighting**

Rating 4

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text More lighting may help user to feel safe when using the park early or late, especially during the winter.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I think that a new toilet block should definitely be included in the changes as the current one is a last resort when using the park. I also think that these toilets should include an area for changing young children/babies as the park will be used by families. I also think that, where possible, wildlife should be taken into consideration along side the enjoyment of the park by people.

Response No: 147

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Not sure

Q11 **Please share any comments you have about the lease application**

Long Text: I have looked over the suggested plans for the sports lighting, in particular for Field 3 as I feel this will have a direct impact on my house. I have no issue with the current suggestion of three sports lights along the canal side of the park, but would like some confirmation that this would be the case were any future requests made for lighting on Field 3.

I would also be interested to hear more about the timings of the sports lighting being used. I know as a neighbourhood we benefit from the current lights on Field 2 being used as it creates additional safety lighting in the park as well.

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I appreciate the plans to involve the community in this development and hope that includes the active voice of children from the local primary school and other users of the space. Would there be community hui that people could attend to speak into this?

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text:

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text

Q18 **More trees and activation of the drain/canal**

Rating 3

Q19 **Please share any comments you have about the trees and canal**

Long Text I haven't seen any explanation of what 'activation' of the drain/canal means?

I support new trees being planted, but would also ask that people be mindful of keeping this as an open space, too many trees will block vision into and out of the park, creating safety risks for those using the footpaths/spaces through the park.

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text I strongly support additional pathway lighting for this park. With the new stadium I think the park may be used more for access to buses, etc but the pathway lighting is not adequate for this.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I do support this submission and am keen to speak with anyone if they would like more information, and/or attend any future hui about this proposal. I love hearing the park alive with practice or games over the weekend and more use of the park should only be encouraged.

Where I have given a neutral star rating, this is because I don't feel I have sufficient information from the flyer and information at the park for a full response.

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Club rooms and lighting are fine. However the purposed skate park and play area being joined together requires more thought and observation studies to be conducted. Your plan is to combine the two together with no consideration for who use the skate park and hang out there with vulnerable and highly influential young children. The other part is parents who would choose not to use their local playground because they don't want to be around the social behavior that is currently present at the skate park. This is why the city center skate park is not near any other playgrounds or why new playgrounds haven't added skate parks to it. Shifting the skate park away from the pool makes it feel like they are trying to improve the social behavior around and outside the pool by moving the problem to another area. Highly against this plan if no further thought or research is given.

Long Text:

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text:

Ideally there will be an obvious "little kids" play area separate from large features for more experienced people (ramps/bowl/jumps, etc.)
I frequent the current Linwood skate park and there are definitely safety issues between users with different skill/speed/awareness levels.
The wording of this proposal sounds like it might make the problem worse.

Please don't dismantle the current skatepark until the new one is ready.

Please add overhead lights for winter evening use.

Also, please just allow graffiti in the skatepark. The thick grey paint CCC currently applies over graffiti changes the texture of the surface, which makes the ramps slippery from condensation and frequently unusable.

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text:

Very interested in a redesign of the skate park, especially if it has to be moved for the Keas.
The current Linwood skate park looks great on paper, but in real life it is awkwardly spaced, very tight and honestly under utilised given its somewhat central location for many suburbs.

If the skate park has to be moved regardless, getting to design something from scratch, with the BMX and skateboard community, with features that other parks in the area don't have, is a golden opportunity to get the space up to a standard where it will get used significantly more than it currently is.
If lights are going to be installed nearby for sports fields, potentially having lights on the skatepark would be a great addition as well.

Long Text
- I think the lights @ d park should b a lil more brighter because sometimes it doesn't feel a bit safe during night
- I like clean spaces around the park, upgrade bathrooms plzz that's y u don't see ppl use em
- Fenced dog park area 4 our dogs who always come round
- Upgrade d playground (flying fox, big slides, basket swing) etc
- Water fountains - make some good for our height (some 4 taller/average height and some 4 lil kids/dwarf ppl)
- Make a tuck shop 4 our games on d field
- More rubbish bins plzzz!!!
- Make bigger amounts of storage 4 our sports equipment!

Q11 **Please share any comments you have about the lease application**

Long Text: I believe everyone should have a place to go, celebrate, gather etc. I think a efficient way forward is to have a community space that can be used by all and sports and recreation clubs can share the spaces.

Most grounds now have a community space that can be hired. This seems more ethical and community friendly. When something is a clubs, its usually used twice a week and then closed the rest of the time.

Alternative would be to collaborate with an exsisting summer sport and community group so it can be used by more

Q20 **Changes to pathways and more pathway lighting**

Rating 4

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text More lighting will be great. Also lighting up the current skatepark so it can be enjoyed year round.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice No

Q23 **Please share any comments you have about the overall plan**

Long Text

Response No: 175

Contribution ID: **44171**

Q1 **Are you responding:**

Multi Choice: As an individual

Q2 **Are you a member of the Linwood Keas?**

Multi Choice: No

Q3 **Name of organisation/business**

Short Text:

Q4 **Your role**

Short Text:

Q5 **Full name**

Short Text: Emily Lai kong

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: No

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: I think the placement for the keas building that is there now is in the wrong place and I think adding to it will make it feel like a league park rather than a community park.

Q12 **Combined skate/scooter park and play space**

Rating: 4

Q13 **Please share any comments you have about the combined skate and play space**

Long Text:

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: My children would absolutely use and love this we live in smith street and they both do athletics and this would be of great use to them.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: Love this idea, I thought a gym at the pools would have bee great but no so this is somewhat of a next best choice.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text

Q20 **Changes to pathways and more pathway lighting**

Long Text:

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I'm undecided on combining the skate/scooter park and play area. I would like to see some natural screening or division between areas so older children who want to be a bit more 'rambunctious' aren't causing issues where younger children may be playing. I think it's important for older children to experiment socially and this doesn't always work if they are close to where parents of young children are - potentially creating situations where parents feel the need to 'protect' their young children. Although the smaller playground closer to Linwood Ave is a little run down right now, I think there's a lot of people who value having a separate, quieter area. I think one large space could be overwhelming for some children and some adults. In some ways I think it works quite well right now, having different areas of the park for different activities, spreading play out and allowing people to choose what feels right for them. I'm open and interested to see what this combined space could look like though.

Q14 **Athletics throwing circles**

Rating: 4

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: I think this could be a neat addition. I don't have any need for this activity but interesting to have different uses and users in the park.

Q16 **Fitness stations**

Rating: 4

Q17 **Please share any comments you have about the fitness stations**

Long Text I think it would be good to incorporate ways for rangatahi and adults to be physically active. I don't see a lot of these fitness stations being that well used so it would be good to have some consultation on what people would use and how they should be placed - in one area or space out along a path like Hagley?

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text Would love to see more trees and other planting. Very keen to see the canal pathway better utlilised, feel safer and for it to be more interesting and attractive. It would be good to have more of a connection to the rest of the park. When I have been part of community engagement around this pathway, a lot of local people haven't realised it is there or don't really know where it goes.

Q20 **Changes to pathways and more pathway lighting**

Rating 4

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Even with more lighting, I probably wouldn't use the park and paths at night but I know a lot of people ask for this.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text I would love to see a splash pad/water play area. I am currently visiting western Canada and these are very popular in parks (even smaller community parks). Water is always something that children ask for and I think it's a great way for children and families to spend time together if the pool is difficult/too costly etc. I also think it would be great to see some hang out areas for youth and a central sort of space for community - picnic tables, BBQ, notice board, temp art installations. Currently the park doesn't really invite you to stay or offer opportunities to meet up with people.

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: This is a decent plan, however having playgrounds right next to skateparks is not a very good idea and can be dangerous for kids as skateparks are not a place for kids to be running around, therefore having a fence around the skatepark or spacing them away from each other would be a more suitable idea.

Long Text I support all upgrades
And as a ex professional bmx rider who moved to nz 10 years ago i have been surprised the lack of proper lighting at skateparks . The local community would benefit greatly for upgrading the skatepark and have proper lighting . Its so crucial for the winter months!
Also the skatepark designs need to discussed with local community.
Rolleston skatepark is great example ,very poor design and money wasted and a poorly made skatepark siting there for next 20 years plus

Long Text

I write in strong support of the Linwood Park plan, drawing on my experience both as a former Board member of the Linwood Keas Rugby League Football Club and as Chairperson of the working group established to progress the development of the Linwood Keas clubrooms.

Longstanding Community Role of Linwood Keas

Linwood Keas is a deeply embedded community club with a long history of service to the Linwood and wider east Christchurch community. The club provides not only sporting opportunities across junior and senior grades, but also a vital social and cultural hub.

Through my involvement at governance level, as a player, as a players wife, and a players mother over the last 12 years- I have seen firsthand the breadth of the club's impact, including:

Providing structured sport and pathways for young people
Supporting families and whānau through inclusive community engagement
Creating a safe, positive environment that contributes to youth development and wellbeing
Fostering strong connections across diverse communities within Linwood

The continued ability of the club to operate effectively from Linwood Park is critical to maintaining these outcomes.

Importance of Appropriate Facilities

CCC wil know that as Chair of the clubrooms working group, significant effort was invested in progressing a fit-for-purpose facility that reflects both current and future community needs.

The existing arrangements at Linwood Park do not adequately support:

The scale of participation across multiple grades for our club.
The safe and practical delivery of training and match-day operations especially for our rangatahi/au talavou/youth players - of which the Keas have at least 20 teams with players under the age of 20.

The ability to host community events and wider engagement activities

The proposed plan for Linwood Park is therefore an important and necessary step in addressing longstanding infrastructure constraints.

Alignment with our league Community Needs but also the needs of the wider Linwood community.

The Linwood area continues to experience:

High population density
Significant youth participation in sport
Ongoing socio-economic challenges where access to local, low-cost recreational opportunities is critical

Facilities at Linwood Park must be designed and supported in a way that reflects this reality. Investment in this space is not simply about sport—it is about community resilience, wellbeing, and equity of access.

Support for a Sustainable Long-Term Outcome

From a governance perspective, it is essential that the plan:

Provides certainty for existing user groups such as Linwood Keas
Supports long-term tenure arrangements that enable investment and planning for sports utilising these spaces.
Recognises the significant volunteer and community contribution underpinning club operations
Enables staged and sustainable development of facilities over time

These elements will ensure the park continues to function as a cornerstone community asset.

Concluding Comments

Having been closely involved in both the governance of the club and the development of its facilities planning, I strongly support the Linwood Park plan as a necessary and positive step forward.

It presents an opportunity to:

Strengthen community infrastructure
Support participation in sport and recreation
Deliver meaningful social outcomes for a growing and diverse community

I encourage the Council to adopt and progress the plan with these outcomes in mind.

Q12 Combined skate/scooter park and play space

Rating 5

Q13 Please share any comments you have about the combined skate and play space

Long Text This is a positive and forward-thinking change that will create a more inclusive and active space for young people and families. Bringing skate and play elements together has the potential to improve visibility and natural supervision, which is important for safety.
From a safety perspective, it is critical that the design prioritises clear sightlines, good lighting, and passive surveillance. I also suggest that consideration be given to installing CCTV monitoring in this area. This would provide an additional layer of protection, help deter anti-social behaviour, and support a safer environment for youth who are likely to be the primary users of this space.
It is also important to recognise the need for equitable access to high-quality recreational facilities for children and young people on the east side of Christchurch. Investment in spaces like this helps ensure local tamariki have safe, modern, and well-designed places to play and gather within their own community.
With these measures in place, I strongly support this proposal.

Q14 Athletics throwing circles

Rating 4

Q15 Please share any comments you have about the athletics throwing circles

Long Text I support providing for a wider range of activities within the park. However, this is a lower priority compared to core, high-use community facilities. Care should be taken to ensure that the athletics throwing circles do not compromise space required for existing high-demand uses, particularly the sports fields used for league and other seasonal codes.
It is also important that careful consideration is given to how this element aligns with the Linwood Keas' proposed lighting application and overall field use. The layout needs to work cohesively to support the primary sporting functions of the park without creating constraints or conflicts.

Q16 Fitness stations

Rating 5

Q17 **Please share any comments you have about the fitness stations**

Long Text

I strongly support the inclusion of fitness stations. These provide accessible, low-cost opportunities for physical activity for a wide range of users, including adults, youth, and families.
They are particularly valuable in areas like Linwood, where equitable access to health and wellbeing infrastructure is important. If well located, these stations can complement existing park use and encourage more active, social use of the space.

Q18 **More trees and activation of the drain/canal**

Rating

5

Q19 **Please share any comments you have about the trees and canal**

Long Text

Increasing tree coverage and activating the canal area is a very positive step. This will significantly improve the amenity of the park, provide shade, and create a more welcoming environment for families and passive users. Thoughtful landscaping and activation will also help improve perceived and actual safety, particularly if it reduces isolated or underused areas. This is a good opportunity to create a more attractive and functional community space.

Q20 **Changes to pathways and more pathway lighting**

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

I strongly support improvements to pathways and increased lighting. Safe, well-lit, and connected pathways are critical to ensuring the park is accessible and usable throughout the day and into the evening.
Improved lighting will also enhance safety for all users, particularly young people and families. This approach also aligns with the Linwood Keas' application for field lighting, contributing to a more cohesive, well-lit, and safer overall park environment.
It is important that pathways are designed to connect key areas of the park efficiently and integrate well with other proposed changes, including sports and recreation spaces.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

Overall, I support the proposed plan for Linwood Park.

I make this submission from my perspective as a former Board member of Linwood Keas and Chair of the clubrooms working group. From that governance position, it is clear that this level of attention and investment in Linwood Park has been a long time coming. The club has effectively been waiting for this type of development opportunity for the better part of a decade.

I also bring a personal perspective as a former player. My husband has been involved with Linwood for 11 years and continues to contribute in a coaching capacity, and my son is now in his eighth season with the club. This gives me direct, practical insight into how heavily players, families, and volunteers rely on this park and its facilities.

Linwood Keas is the largest rugby league club in Christchurch and has experienced consistent year-on-year growth. Importantly, that growth has been achieved despite the absence of permanent home clubrooms. This is significant in a community environment where retaining and supporting volunteers is increasingly challenging. The club's ongoing success reflects a strong and committed community—but it should not have to continue operating without fit-for-purpose facilities.

Current capacity constraints are already evident. Despite its size, Linwood Keas has no meaningful access to alternative community fields. With more than 22 teams and over 400 registered players, the club is heavily reliant on a single lit field at Linwood Park. This places considerable strain on scheduling, particularly during the winter months when reduced daylight and field conditions limit training opportunities. These pressures are felt most acutely at junior level, where access to safe, well-lit training space is essential for participation, development, and retention.
It is acknowledged that the park was previously required for temporary housing following the Canterbury earthquake events. However, the EQ was approximately 16 years ago. Since then, participation and demand have steadily increased, without a corresponding upgrade in infrastructure or facilities.

Importantly, Linwood Keas is not seeking capital or financial support from Council to deliver its proposed clubrooms and sports lighting. The club is in a position to fund these developments itself. This represents a clear benefit to Council and the wider community, enabling significant improvements without placing additional pressure on public resources.

In that context, this plan represents a necessary and timely step toward addressing longstanding gaps. It supports both the immediate and future needs of a key community hub, while also enhancing the park for a wide range of users.

Enabling Linwood Keas to progress its clubroom and lighting proposals is critical. The club delivers substantial social, sporting, and community value, and appropriate facilities are essential to sustain and grow that contribution.

Overall, the plan strikes a sound balance between organised sport, informal recreation, and wider community use. With careful design and implementation, it will significantly enhance Linwood Park for current and future generations.

Q11 **Please share any comments you have about the lease application**

Long Text:

I am a Linwood-born local, current resident of Christchurch's eastern suburbs, and former Linwood Keas player, and I fully support the proposed lease for new clubrooms and sports lighting.
Having grown up in the Linwood and Bromley area, I understand the important role that sporting clubs and community facilities play in bringing people together and creating positive opportunities for young people, families and the wider community.
The proposed lighting should be viewed not only as a sporting requirement but also as a community safety measure. Improved lighting can enhance visibility, increase public confidence, support passive surveillance and encourage positive use of the park during darker hours.
While I acknowledge concerns regarding traffic, noise and lighting impacts, these can be managed through appropriate planning and mitigation measures. As with any worthwhile investment, risks should be identified and managed rather than used as reasons to avoid progress.
I believe this proposal represents a positive investment in community safety, youth development and the future of Linwood

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text:

I strongly support this proposal. The skate and play space will provide positive recreation opportunities for young people and families while encouraging greater use of the park. Facilities that attract legitimate community use help create safer, healthier and more vibrant public spaces.

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text I strongly support additional pathways and pathway lighting. As a local resident, I believe lighting should be considered a community safety measure first and foremost. Improved lighting will enhance visibility, accessibility and public confidence while supporting safer use of the park by families, walkers and the wider community

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text As a Linwood-born local, current resident of Christchurch's eastern suburbs, and former Linwood Keas player, I fully support the overall vision for Linwood Park.
The combination of improved recreation spaces, pathways, lighting and community facilities has the potential to strengthen community pride, improve safety and create positive opportunities for future generations. Strong clubs and quality facilities are about more than sport; they help connect people, develop young leaders and create positive community outcomes.
I believe these investments will contribute positively to the ongoing growth and revitalisation of Christchurch's eastern suburbs and help ensure Linwood Park remains a safe, welcoming and well-used community asset for years to come.

Long Text: This has to happen. Linwood Keas is the biggest league club in the South Island and without a clubrooms virtually since the earthquakes, with only one field with lights teams have very limited time to train on as other teams want to train on as well and it would make sense if we good light up the main field then we could play games there instead of our teams some who play night games having to travel to Nga Puniwai each week it will also make the Park alot safer as well. With having no clubrooms now for about 12/13 years we have lost a bit of identity and we need that back. In recent years we have been the most successful club in Canterbury with results and growth especially in schoolboys and Girls teams.

I am a life member of the club and have been a member for over 50 years

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text Needed - alot of my friends live around the park and walk or bike to trainings several times during the week. In winter it gets cold and homeless people have been known to come out of nowhere making rangatahi feel a little unsafe when walking to and from training. Quite often our Coaching Staff have to keep an eye out to ensure everyone leaves the park safetly, the reality for some of our families is that their parents are working round the clock so cannot always be there to drop off or collect.

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Linwood Keas are the main source of life in the park. It's great to see it used and I hope they continue to thrive.

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: There's not a huge amount of detail here, but very important to ensure that there's safe spaces for all ages here. Crawling babies and teenage skaters going full tilt don't mix well. I think there is also some benefit to the current arrangement where the playground and the skate park are separate. It lets the older kids and teens be a bit rowdy at the skate park without having to worry about smaller kids (this is my experience taking my preschoolers to the park towards the end of the day, especially in the weekends).

Q14 **Athletics throwing circles**

Q5 **Full name**

Short Text: Fiona 'Fox' Bennetts

Q9 **Do you support the lease for Linwood Keas to build clubrooms?**

Multi Choice: Yes

Q10 **Do you support the lease for Linwood Keas to put in sports lighting?**

Multi Choice: Yes

Q11 **Please share any comments you have about the lease application**

Long Text: Community sport is super important for health, wellbeing, and building community, and it requires adequate facilities to operate such as rooms and lighting. Other communities may be able to hire these rooms from time to time, giving wider community benefits.
As long as the lighting does not negatively affect adjacent neighbours, this is a great way to increase play time on a well-used sports ground.

Q12 **Combined skate/scooter park and play space**

Rating: 3

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: I'm cautious of combining these areas, as there are benefits both to combining and to keeping them separated. Combining them is great for parents who have kids with different interests, so they could supervise both on different equipment.
Keeping the separate may be better for really small children, to keep them safe from older kids who may be a bit aggressive or even anti-social if unsupervised.
If the existing play space next to the Rapanui-Shag Rock MCR is not needing to be removed, perhaps leave it in to give people options.
Having toilets and bike stands next to these facilities is important, so people can lock their bike or scooter while they use the play spaces, and use the bathrooms.

Q14 **Athletics throwing circles**

Rating: 5

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: Great idea to include Athletics facilities as these are in short supply around the city post-quake. Will they include nets for discus?

Q16 **Fitness stations**

Rating 5

Q17 **Please share any comments you have about the fitness stations**

Long Text Great idea to include fitness stations in this central park to increase access to free fitness equipment

Q18 **More trees and activation of the drain/canal**

Rating 5

Q19 **Please share any comments you have about the trees and canal**

Long Text 100% support increasing the tree coverage and other plantings. Great idea to activate the canal; my only concern is with potential drownings. Please ensure the space is safe for all ages and abilities.
Will the new path 'G' be gravel for a more natural environment around tree roots etc?

Q20 **Changes to pathways and more pathway lighting**

Rating 5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text 100% support path widening and increased pathway lighting. Where the Rapanui-Shag Rock MCR passes through the park it is quite scary in the dark and I used to always get lost as there is no way-finding inside the park.
Please install signage for all paths (telling us where they go, where toilets are, etc), but making the MCR route stand out from the others with the usual style of sign plus paint marking on the path.
I love the idea of a loop pathway around the perimeter, and wonder if all of it should be the same width for consistency and no doubt popularity (especially if sports spectators stand on the path on muddy days). Please also add centrelines on bends and painted markings to move aside if stopping etc like is used in Hagley Park.

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice Yes

Q23 **Please share any comments you have about the overall plan**

Long Text Overall this a great improvement on this important green space!
I wonder which additional users will start to use the park with these improvements. For example, I can envisage a walking group doing laps, people roller skating/blading around the perimeter path, kids learning to ride a bike on these paths (a learn to ride area is sorely missing in this corner of the city).
Even more benches (in addition to those proposed) around the park would be really good to enable disabled people (and everyone) to enjoy the park and get fresh air and sunlight.

Q11 **Please share any comments you have about the lease application**

Long Text:

Q12 **Combined skate/scooter park and play space**

Rating: 5

Q13 **Please share any comments you have about the combined skate and play space**

Long Text: This is a good idea. It will be nice to have upgraded playground facilities - the current ones are tired and the upper playground is very limited.

Q14 **Athletics throwing circles**

Rating: 4

Q15 **Please share any comments you have about the athletics throwing circles**

Long Text: Also a good idea, to make this park more versatile and suitable for athletics.

Q16 **Fitness stations**

Rating: 5

Q17 **Please share any comments you have about the fitness stations**

Long Text: Great! I might use them.

Q18 **More trees and activation of the drain/canal**

Rating: 5

Q19 **Please share any comments you have about the trees and canal**

Long Text

Anything to make the area around the canal more appealing would be great. It would be lovely if the canal was able to be naturalised through the park, to provide more suitable habitats for water life.
I know it's difficult, but it'd be great if people didn't put rubbish into the canal. Would more bins help perhaps?

Q20 **Changes to pathways and more pathway lighting**

Rating

5

Q21 **Please share any comments you have about the pathways and pathway lighting**

Long Text

I fully support upgrades to the pathway lighting. Currently the path between the Mackworth St footbridge westwards is completely unlit. It feels very unsafe at night. Along this portion, please can you install lighting like has recently been installed along the City to Sea pathway (dark sky approved, sensor lighting that brightens as people approach).

Q22 **Overall, do you support our plan for Linwood Park?**

Multi Choice

Yes

Q23 **Please share any comments you have about the overall plan**

Long Text

It is great to see investment and focus on our local park. I'll look forward to seeing these upgrades. This is our closest park and we use it a lot. It's a great recreation hub for the community and so cool seeing people from all walks of life enjoy it. Even more so if these proposed upgrades are realised.
While we're talking facilities at Linwood Park, it would be nice if Te Pou Toetoe had a gym attached to it.
Thanks for the opportunity to contribute.

Long Text Build more free parking for additional families and ensure clubrooms does not take all the parking. In your example and concept plan image, it shows current parking at >90% full.
Skate/scooter should be separate for smaller childrens safety

Long Text Pleased to read of the pending changes to Linwood Park.
I assume that the old toilets/changing rooms will be demolished making room for the new skateboard ramp and play area.
I would just ask that as the current skateboard area is subjected to regular graffiti, that the new one has a good public profile and lighting.Being closer to a general play area may assist or spread the graffiti.
What does your modeling show?
Also in the new changes, to minimize the removal of established trees.
All the best with the new beginnings.
