31739	<p>Have we got this tree planting plan right? No</p> <p>Tell us why you feel this way The boundary garden trees need attention and some replaced. More fruit trees. Busy family park with lots children.</p> <p>Do you have any more feedback about this tree planting plan? I live facing the park. I would like to be involved</p>	Alannah Vickery
31749	<p>Have we got this tree planting plan right? Yes</p>	Yasmin Oates
31819	<p>Have we got this tree planting plan right? Yes</p> <p>Do you have any more feedback about this tree planting plan? My concern is of the poplar trees in Arden Reserve. There is no place for them in the reserve. One tree is very close to my residence and I have mentioned this to council. Council have been very helpful and have noted my concern. These trees have no place in a small reserve -more suitable to a larger area. I hope these trees are removed and replaced by more suitable trees for Arden Reserve. I hope my concerns are noted. Thank You, Edward Staines.</p>	Edward Staines
