35803	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> I want to be able to park at the beach before 7am.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Don't know / Not sure</p> <p><b>Is there anything else the Community Board needs to consider?</b> Why 7am? Why not 5am or 6am?</p>	Darren Leslie
35806	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Noise and litter. No parking when attending functions at The Brighton Beach House</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Extend it for the whole strip not just the few car parks. There is plenty of parking in other parts of the Eastern Suburbs. Occupiers of the vans tend to Spread out and take over the street and several parks. Not 100% convinced that they are using their own or public toilet facilities.</p>	Jo Emson
35807	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Noise and lack of parking and rubbish left</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Shane Bartlett
35808	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> When we've gone to take our toddler to the park in the morning, there have been limited parks and excess rubbish left around the park once these people have their breakfasts and go. Not an issue with the colder weather, but in summer it was odd to have half naked travelers rolling out of their vehicles into the children's play area...</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> I totally support travelers, and they are an important part of our economy, but let's give them purpose built spaces with access to bins, recycling, bathrooms, fresh water and away from children and the front doors of residences. The council needs to relook at its stance on rubbish bins overall in public places. You keep removing them and surprise, surprise, but the rubbish and dog poo/litter is getting unhygienic in our public parks</p>	Courtney Parkin

35810	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Rubbish. Campers camping on the park grass. Campers washing self and dishes in water fountains.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Extending it along parts of marine parade. Their are campgrounds locally these people can use - support them and their businesses.</p>	Craig Hawkyard
35812	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Rubbish. Parked Large vehicles with doors open take up parks to the side of their vehicle.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Make it illegal to park overnight. Make them go to morecambe, pay fees and contribute to the Ccc, like we do with our rates. They stay for free, contribute nothing.</p>	Lisa Kett
35814	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> No</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> It has restricted freedom campers from enjoying the surrounding area and environment. Effected a little local business</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> No</p> <p><b>Is there anything else the Community Board needs to consider?</b> The overnight campers have never made any noise. They have never left any rubbish behind. Never created any wrong doing to warrant any kind of complaint made against them. Very respectful, very clean, very tidy. I have lived here for 30 + years and can not recall an incident involving them. We have very good security who, used to visit every night and take registration plates etc, for reasons if anything were to happen. Unsure if local business' have been effected by the restrictions however, this could be a possibilty...? No need for any restrictions. They, the overnight stayers are here to enjoy what we have on offer.</p>	Stephen Higgins

35815	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> When I come to ParkRun on Sat morning. people are parked up in these parks, staying overnight in their campers. On the one hand, it looks like a nice place to camp overnight. But I can see that it could be overwhelming for residents and noisy in summer. It's a bit too close to houses. There are beach toilets and showers but it's not really set up for volumes of people staying overnight.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> In France they often set aside parking spots for campers with very basic pay to use toilets and showers and a small charge for staying. It's a shame there are not more of these here. It can be good income. But they are not right beside residential houses.</p>	Kristen Soper
35816	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Bushes around Broadpark have obviously been used for toileting and toilet paper is often seen.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Melanie Patterson
35818	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Noise and increased rubbish in Broad Park; sharp knives, sharp food tins and other rubbish near where my 1 year old should be able to play</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> I don't believe the camper vans are contributing to our local community or businesses. I've had to push my baby's pram out on the road to avoid camper-van users who are cooking on the walk path along Marine Parade. I don't believe they use our local cafes or bars and they definitely don't respect our community</p>	Mairead Neville Whoriskey
35819	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Motorhomes park horizontally, often taking 2-4 carparks. This is most common over the summer months, and as regulars at Broad Park parkrun, my partner and I often struggle to find a carpark. There is often an excessive amount of litter left by these overnight campers too.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Briony O'Farrell
35820	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> No</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Maria Due

## Submissions received on Broadpark Road overnight parking restrictions, June 2025

35821	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> No impact as it is now off season and freedom camping numbers are much lower compared to summer</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Extend the ban to include the carpark at the end of Larnach Street. Freedom camping should not be allowed in a residential zone/outside residential properties.</p>	Ben Maynard
35822	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> No</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Reducing available parks here will only shift those people elsewhere.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> No</p> <p><b>Is there anything else the Community Board needs to consider?</b> Freedom campers in Self contained vehicles add vibrancy, economic benefits and security around our city. Should be encouraged. I am sure the NZ Motorcaravan Assn can supply statistics to you in support.</p>	Kevin Pateman
35823	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Don't know / Not applicable</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Quiet Street, less noise for residents living opposite and less conflict. Less rubbish. More available parks for public wanting to use amenities.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Consider alternative spaces away from residential homes of that is what we feel we need to cater for. Parking in this area is becoming more difficult and it shouldn't be monopolized by people wanting to live in vehicles.</p>	Anna-Maree Todd
35824	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> No</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Don't know / Not sure</p> <p><b>Is there anything else the Community Board needs to consider?</b> I only support it if the reason is due to inconsiderate campers being noisy and disturbing the people who live there, in a way that is unbearable. Otherwise I don't support pushing people out who are just loving life and the area we get to enjoy everyday.</p>	Lara Flavell

35827	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Difficulty parking in this area on a Saturday morning. Overnight campers appear to use these spaces as their home base, remaining parked there for days at a time.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> I would recommend you extend this restriction to other parking spaces along Broadpark Road and/or to the car parking area to the north of the playground.</p>	Wendy Dobson
35832	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> No</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> I feel like these spaces could be better used for overnight parking and restrictions placed on other ones, further away from the public toilets. It would make sense to allow parking opposite the cafe and closer to facilities rather than at the other end of the street.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> No</p>	Jacqueline Chester
35833	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> They often spread out and straddle several spaces, reducing legitimate capacity. When we have patrols over summer or events on at the beach members and payrolleds often have to park a long way away and carry gear distances because of the free camp spot</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> There are plenty of reasonable priced sites for them to use and the constant litter as well as human waste left behind is unacceptable</p>	Mike Litten
35838	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> As this is a children's playground and a highly used car park for people coming to the beach I don't think overnight camping is a good idea. There need to be some areas where people can get to early find a park and enjoy the beach, tracks and in particular for children to be able to use the playground without camper vans parked up.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Erin Webley
35840	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Reduces parking for local families wanting to use the cafe and park.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Debra Porter

## Submissions received on Broadpark Road overnight parking restrictions, June 2025

35856	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Litter left lying on road and in Broad Park Doing dishes in water fountain</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> The whole of Broadpark Road should be included in the no camping area. Vans and cars still park overnight in carpark by Waimairi Beach surf club and carpark at end of Broadpark Road.</p>	Michelle Johnston
35874	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> As i live opposite the park where freedom camping has been allowed. There is constant noise of cars coming and going all night. With doors closing and opening constantly. There is loud noise from outside socialising and cooking of the campers. Many of the vans don't have legitimate passes, and there are many people sleeping in their cars. This was once a quiet area at night and now it is awful as a resident.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> This summer the CCC has restricted any vans / cars from parking in the small carpark alongside with no camping signs. This has pushed the freedom campers to now use the angle side parking more and more which has escalated the problem.</p>	Brett Hales
35938	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Reduction in the number of vans in the parking restrictions are</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> I often run in the early mornings in the dark along Broadpark and it feels particularly dangerous and intimidating to go past 10-15 parked vans on the road. I don't feel safe in this area, especially so as it borders the park.</p>	Lydia O'Loughlin
35958	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Thank you for the restrictions. I use Broadpark regularly including Saturday mornings for Park Run. It is often both hard to get a park because of the overnight campers and off putting because of the overnight campers. The restrictions make the area a lot more inviting and feels safer to be there on my own,</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p>	Jeanette McIntire

## Submissions received on Broadpark Road overnight parking restrictions, June 2025

35959	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> We have now been able to sleep at nights and start becoming more active with more energy. The noise from these vehicles sliding doors and back doors has robbed us of many sleep hours. We are still having some vehicles coming and parking in the no overnight camping area. And mainly the ones that cause the noise. We are also having ones that park down the end of the street in the correct place.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Firstly, thank you for putting this trail in place. We have noticed with the campers no longer parked up families are coming back to the park. It's making it back to being a family zone which is great. It is an awesome park for children of many ages and needs to be used as such. And not part of a camping ground as it has been in recent times. Thank you again for your understanding of our plight and the fast action taken.</p>	Ann Farrall
36262	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> The temporary restrictions have helped by reducing the times I have been woken during the night by noise from 1 - 3 times per night before the restrictions to 0 times after the restrictions were put in place. The restrictions for me have been 100% successful.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> There has been an added benefit in not having freedom campers parking in these parks, even with the weather getting colder there has been an increase in the number of people/children visiting the park. Whether the reduction we noticed over the summer just passed was caused by the presence of the campers or just the reduction in parking available due to the campers I don't know, but the presence of the restrictions has had a positive effect on ChCh residents using the park.</p>	Neil Farrall
36475	<p><b>Have you ever experienced problems caused by overnight parking on Broadpark Road?</b> Yes</p> <p><b>What impact have the temporary overnight parking restrictions had?</b> Very noisy, lots of rubbish left when they leave, camper vans encroach on the road. By restricting it to the middle of Broadpark we get all the campers and camper vans on our corner, they don't always walk to the toilets so are using Broadpark as a toilet, counted 7x camper vans the other day.</p> <p><b>Do you support making the overnight parking restrictions permanent?</b> Yes</p> <p><b>Is there anything else the Community Board needs to consider?</b> Why not restrict all of Broadpark Road. There is less and less parking available to families who want to use the playground or go for a walk on the beach. Saturday mornings there is a local fun run and there is always a problem for local residents to find parking, also mountain bikers who park their vehicles .</p>	Peta O'Loughlin
